

Camp Munsee Specialty Camp 2020

CRAYOLA® - Wild World of Animals (Grades K-5) July 13th-July 17th

Enter the world of Wildlife Conservation! Become inspired by the adventures of various Conservationists from around the world and experiment with different Crayola® projects and a wide variety of art techniques! Dive undersea with Jacques Cousteau to create a dancing jellyfish, storm the Serengeti with Guy Western and mold your own lion sculpture. You'll get to know the world's largest mammal with David Shepherd and create an elephant silhouette, adventure to the Arctic with Mardy Murie and create your own polar bear model, and countless other adventures. Come Explore the Art of the Animal Kingdom!

Radical Reactions & Detective Science (Grades K-5) July 20th- July 24th

Mad Science brings awe-inspiring experiments paired with thought-provoking detective work to campers, nurturing scientific interests and evoking fascination. Children will learn about chemical reactions as they grow crystals, create sidewalk chalk from scratch, and design chromatography t-shirts to take home. Campers become trained science sleuths as they investigate the role of chemistry at the scene of a crime. We spark curiosity by asking children to make thorough observations while dusting

Jr. Engineering Make and Take Level 1 (Grade K-3) August 8th- August 9th

Students are captivated in this super fun and hands-on class as we explore various STEM projects such as creating exciting gadgets, exploring electricity, building a circuit for a buzzer, and constructing an electromagnet. Kids become engineers as they discover marvelous machines and discover how they make work easier and more fun! The knowledge and learning experience from this class not only help students build a strong foundation in STEM, but also strengthen their critical thinking and problem-solving skills.

(Students will create one to two take-home projects each day.)

"Galaxy Far Far Away" Space LEGO® Camp (Grade K-5) August 10th- August 14th

Are you a Star Wars™ fan? Join us on an adventurous journey through space! Build the Redstone Rocket to blast through the atmosphere into a realm that is truly out of this world. Travel back in time to build NASA's Gemini Capsule. Each day also includes LEGO® Star Wars™ themed models, group games, challenges and more. Trust your astronaut's building skills to pilot a spacecraft that will bring you back to Earth safely. We'll build motorized models that represent spacecraft from your favorite popular space movie. Come experience this stellar journey to a galaxy far away!
